

LAKWOOD YACHT CLUB REGATTA TRAVEL POLICY

*Local Regattas including TSA Events on Galveston Bay

ILCA AND OPTI RWB HP & RACE - TSA REGATTAS HOME & AWAY

1. Registration for the Seahorse ILCA, Opti HP and Opti Race includes the fees to go to three regatta per season. These regattas will be picked by the coaching staff and parents to ensure we get the best training and competition for our sailors.
2. Should we have room and with the coach's and committee approval sailors not registered in the Seahorse program may sail with the team at a weekend cost of \$150. Price may vary depending on the length of the regatta.
3. On the chosen TSA Regatta weekends the away regatta will take the place of the home practice.

OPTI GREEN & 420 - TSA REGATTAS AWAY:

1. When the Opti Green fleet has signed up five or more boats for the same designated TSA regattas as the ILCA and Opti class we will send a coach.
2. Green Fleet needs to have signed up on our sign-up sheet at least 2 weeks before to give us time to secure a coach.
3. The cost for coaching for this regatta is \$100 per sailor.
4. On the chosen TSA Regatta weekends the away regatta will take the place of the home practice.

OPTI GREEN & 420 - TSA REGATTAS AT HOME

1. TSA and other designated local regattas will be free for all Green fleet and 420 sailors that are enrolled in the Seahorse program at the time of the regatta.

OPEN REGATTAS - NATIONAL AND INTERNATIONAL ILCA, OPTI, OPTI GREEN AND 420

1. Other Regattas or events may be identified as having value to the development of participating sailors. The criteria for sending a coach will depend on the number of sailors interested in going, the timing of the regatta and availability of coaches. Regattas like these are very important and we will do everything we can to accommodate everyone on our team.
2. Those attending these events will be asked to reimburse LYC for all expenses including coaching, travel, coach boat rentals and accommodations. These costs will be reimbursed at a burdened labor rate (wages plus associated taxes and fees).
3. LYC will provide an estimate of these costs within a reasonable timeframe to sailors.
4. Each regatta demands unique logistical arrangements, and the timeframe for changes varies depending on the specific event. Our coaching team will communicate the cancellation deadline to all participants well in advance. This deadline will be determined by any payments made for charter boats, accommodation, and travel arrangements.
5. Cancellations made after the specified cancellation deadline, which will be communicated to you, will result in shared reimbursement responsibilities, unless the cancellations are due to

medical or family emergencies. In such cases, we will handle cancellations with flexibility and understanding.

Sailors coached by LYC and enrolled in our program are expected to sail under the LYC burgee. If LYC has committed resources to travel to a regatta, all LYC sailors traveling to the regatta assume their share of responsibility to reimburse LYC as described above.
